

Fall Bucket List

There's so much to do and see in Maine in the fall — from leaves changing to picking apples. **Make a fall bucket list by listing off all the autumn activities you'd like to do this fall and check off each one as you do it!**

Need some ideas? You could go apple picking or visit a farm stand, take a walk to see colorful foliage, read a fall-themed book, or learn to make a cozy fall recipe with your parent or caregiver!
