

Small steps now lead to big dreams later.

Harold Alfond's legacy is the $500 Alfond Grant, an investment to help jumpstart saving for education beyond high school for every eligible Maine child and give them a bright future.

Starting in 2013, every baby born a Maine resident is automatically awarded the Alfond Grant (it was also available on a limited basis from 2008–2012).

Does your child already have the $500 Alfond Grant? Let's find out!

Visit **MyAlfondGrant.org/card** to help support your kid at **every age and every stage.**

What can parents do there?

- **Check your child's grant value:** It changes over time, and could grow to as much as $2,000 or more by the time they leave high school.
- **You can build on the Alfond Grant:** When you open your own Maine 529 education savings account with your Alfond Grant, it acts as a jumpstart to your own saving – and saving any amount now can make a big difference later!
- **Stay in the know:** Update your contact information online, and we'll keep you up-to-date on your child's grant.
- **Find resources that grow with your child:** Our Aspirations Toolkit and parent resources are designed to help plan for what comes next.
